Student's Seminar on "**Introduction to ARDUINO**"
July 8, 2021

Abhasita Das Munshi
Semester VI, Department of Physics,
Surendranath College.

The webinar was conducted in Google Meet platform. The lecture was attended by Physics Hons students of semester IV and VI, and also the faculty members of the Department of Physics. Abhasita Das Munshi is a student of semester VI, Physics Hons. In this seminar he delivered his lecture on "Introduction to ARDUINO". The presentation was very informative. He explained what is Arduino, the history of Arduino, why it is useful for controlling the devices and also how Arduino programming is done to control devices using Arduino boards. At the end of the lecture he also answered all the questions raised by the participants in the question answer session. The lecture was very informative and it helped the students understanding more about Arduino.
