

5.The Programme Learning Outcomes B.A/B.Sc, (Hons.) Programme

The programme learning outcomes relating to B.A./B.Sc. (Hons.) Programme in geography :

- Demonstrating the understanding of basic concepts in geography
- Demonstrating the coherent and systematic knowledge in the discipline of geography to deal with current issues and their solution
- Display an ability to read and understand maps and topographic sheets to look at the various aspects of the space.
- Cultivate ability to evaluate critically the wider chain of network of spatial aspects from global to local level on various time scales as well
- Recognize the skill development in Geographical studies programme as part of career avenues in various fields like teaching, research and administration

It is also suggested that after the completion of B.AB.Sc. (Hons.) Programme, students should be able to demonstrate the knowledge obtained in such a way so that they can explore the employability options and service to the society.

5.1 Learning Outcomes

Three distinct and new learning outcomes have been incorporated from each course such as to:

1. Understand the relevance of geographical knowledge to everyday life.
- 2 Getting the ability to communicate geographic information utilizing both lecture and practical exercises
3. Inculcate the ability to evaluate geographical problems effectively
- 4.Exhibit the skill in using geographical research tools including spatial statistics Cartography, remote sensing GS, RNSS and GIScience,

The syllabus under CBCS curriculum emphasizes on the development of basic skills in different aspects of the subject. The successful completion of the course gives the student opportunities to pursue the Masters degree in not only the core subject but also in subjects like Geographical Information System (GIS), Social Work, Disaster Management, Forest Management, Environmental Management, Environmental Planning, Regional Planning, Urban Planning, Population Studies, Tourism and Travel Management. The student can pursue academic research work in different renowned institutions and contribute to the advancement of the society. They can opt for teaching at school, colleges and universities after their higher studies in the field of

administration, the jobs maybe taken through Union Public Service Commission (UPSC), All India Central Services, State Public Service Commission, Staff Selection Commission and Block Development Offices. Many students secure employment as a GIS specialist, Meteorologist, Geomorphologist , Demographer, Regional and Urban Planner, Soil Conservationist, Travel and Tourism Planner and Advisor, Hydrologist, Cartographer etc.in Different government and private organizations.
