

Student's Aid fund Sub Committee (2017-21)

Policy:

To help the financially weak students as much as possible, to complete their undergraduate studies. While the government and other organizations have schemes for the benefit of students, the college on its part follows the policy of waiving off a part of the tuition fees for those financially weak students who do not get any aid from any other organization.

SOP:

Students from families having an annual income of less than Rs. 60000/- are asked to apply to the college for a grant. They have to produce a family annual income certificate from the Councillor of their area of residence which is considered for granting aid from the college. The policy is to waive off tuition fees for a maximum of five months for CBCS students and a maximum of 10 months for students under the old (1+1+1) system. SC, ST, OBC. Minority or students enjoying any other grant are not considered for this freeship. After sorting the applications on the basis of family annual income, the Principal along with the Committee members meet the parents of the deserving, eligible students, on a notified day, before sanctioning the college tuition fee waiver.
