Activity Report

Name of Event: Webinar held on 22nd February 2021

Topic - “ *Floral Induction and Development*”

Invited Speaker: Dr. Tathagata Ray Chowdhuri,
Associate Professor,
Department of Botany,
Asutosh College,
Kolkata, West Bengal, India.

Date: 22/02/2021

Time: 12pm to 1.30pm

Webinar Platform: Zoom Cloud Meeting Platform

Organised by: Department of Botany, under the DBT-Star College Strengthening Scheme, Govt of India.

Number of Participants: 202

Summary: The lecture was attended by **202 participants** including **undergraduate, postgraduate and faculty members of various colleges**. The esteemed speaker gave an in-depth understanding of the process of initiation and subsequent development of the floral organs. The history of discovery of the developmental pathways as well as the updates on the biochemical aspect of the processes were discussed. The question answer session was also catered to clear the ambiguity of certain related areas, as asked by the participants. The speaker made a lucid, yet informative presentation of such a complex topic, for all the participants to understand.

The speaker was given the vote of thanks by Dr. Dipasree Roychowdhury, Departmental DBT-Star Coordinator, Department of Botany. All the participants had submitted the feedback form and received the participation certificate in due time.

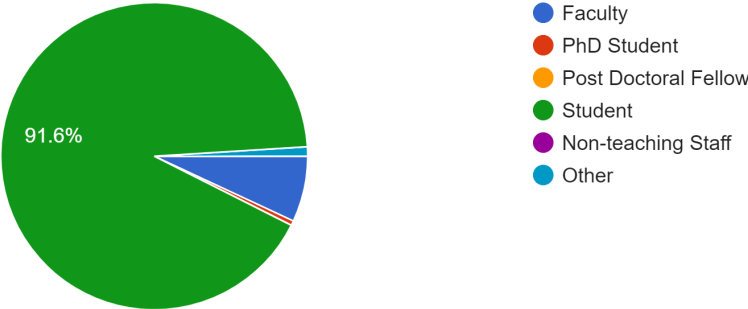

The webinar lecture on the topic of curriculum had been successful since it could do justice to transforming a vast and important topic on floral development into a more understandable matter, especially for the undergraduate students.
